**Type of tool:**

Guidelines

**Target group:**

Education professionals

**Short description:**

These guidelines include learning objectives, topics to discuss and examples of learning approaches and methods of raising awareness about the 17 SDGs. It has been designed as a guide for education professionals on the use of Education for Sustainable Development Goals (ESD) in teaching about the SDGs, and consequently to contributing to achieving the SDGs.

The guide identifies indicative learning objectives and suggests topics and learning activities for each SDG. It also presents implementation methods at different levels, from course design to national strategies. The guide aims to provide guidance and suggestions that educators can select and adapt to fit concrete learning contexts.

**Why use it:**

The book shows how we can implement the SDGs to meet educational objectives.

**Topics covered in the tool:**

Sustainability, Inclusion, Stakeholder involvement
