Type of activity:

Sport for social change

Short description:

Afrika Sports Foundation Center (ASFC) is a centre for excellence in sports and social change. Through education and training, ASFC works to build youth and communities as agents of social transformational change using sports. The Soccer Divas Club project, which started on 21 July 2015, is designed for women and young girls above 18 years who do not play football as a profession. The team plays football for fun, networking, exercise, charity and advocacy for women's issues. Soccer Divas hosts the breast cancer tournament and takes part in the Global Goals World Cup events to help promote the Sustainable Development Goals.

The foundation is an independent national not-for-profit organization, registered with the national board of the Non-Governmental Organisation in Uganda at the Ministry of Internal Affairs, and Iganga District Local Government.
